

Palm P101UNA Camera Screen Replacement

With this guide, you will be learning how to replace the screen for your Palm Pre Plus camera.

Written By: ironwill13791

INTRODUCTION

The screen protects the camera from external damage, but in doing so can itself become damaged. This can be remedied by removing the screen and putting in a new one.

TOOLS:

- [1.5mm Hex Screwdriver](#) (1)
- [Tweezers](#) (1)
- [Spudger](#) (1)

PARTS:

- [Palm Pre Plus Camera screen](#) (1)
-

Step 1 — Battery

- Push in the button at the bottom of the phone, and lift the back cap off.

Step 2

- ⚠ Remove the battery by pulling out the little tab.

Step 3 — Camera Screen

- Using the 1.5mm hex screwdriver, remove the 6 hex screws from the inner-most casing.

Step 4

- Using the spudger, remove the inner case from the phone.

Step 5

- Now place your finger on outside of the screen and slowly apply pressure.

Step 6

- While applying pressure, use your tweezers to remove the screen from the inner casing.

To reassemble your device, follow these instructions in reverse order.
